To view the transition set for an idea space click the Transition icon in the inspector bar.

## Idea Space Transitions

For Curio Professional customers, you can specify a default transition to use when stepping through idea spaces during presentation mode.

However, this can be customized for a specific idea space if you wish using the transition inspector.

Choose the type of transition you'd like to use, or none if you don't want any animation between slides. Your choices include Quartz Composer or Core Image Filter transitions.

Once you choose the type the available transitions will be displayed so you can choose the desired transition.
